

# BANKSIA STREET PEDESTRIAN OVERPASS PROJECT

## RESIDENT UPDATE

JULY 2011

Artist's impression of the completed pedestrian overpass.

As part of the Port Botany Container Terminal Expansion Project, Sydney Ports Corporation will be replacing the current pedestrian crossing of the rail line at Banksia Street with an elevated pedestrian bridge.

A contract has been awarded to Abergeldie Contractors to construct the new pedestrian bridge.

Work is expected to start on site in late July with all works completed by end 2011.

Working hours will be 7.00am to 6.00pm Monday to Friday and 8.00am to 1.00pm on Saturdays.

The existing pedestrian crossing over the rail line will remain open throughout the works.
