

- 1 Relocation of pedestrian crossing and shortening of median to facilitate vehicles turning out of Norfolk Road northbound (particularly heavy vehicles).
- 2 New left turn slip lane from Roberts Road into Norfolk Road.
- 3 Provision of additional right turn lane and banning of through traffic to prevent heavy vehicles using residential streets west of Roberts Road.
- 4 Existing parking to be maintained but converted to 45 degree parking.
- 5 Existing road width to be maintained.
- 6 Loss of parking for three cars.
- 7 Extension of right turn lane to 150 metres (enough for approximately five trucks).
- 8 Relocation of pedestrian crossing and shortening of median to facilitate turning vehicles (particularly heavy vehicles).
- 9 Re-marking to suit new intersection layout.
